

Aria Grant's Be Present S.C. Essay:

Coming to school is important to me because I get to learn. I like to learn new things in dance class because, if not, we would not have a great showcase. I am at school every day! I miss my teacher when I can't come to school because without her, I wouldn't get a good score on the iReady diagnostic. Lady's Island Elementary School is the best because we have a Lighthouse Team. They are students who help make our school better. When I am not here, I cannot help the team.
